

Anna Maria Cuzzolini, Québec

On behalf of the third year students of the Dental Hygiene program and John Abbott College, we nominate Anna Maria as our superhero. Since clinic I, Anna Maria has been by our sides and till this day is still there to do anything she could to accommodate us. When any of us are running around in a panic/don't know how to solve a problem/need help. No matter what she is doing, she will always put us first. Anna Maria is by far the most selfless person and deserves nothing more than to be appreciated for everything she does for us daily. She bends over backwards for us even when she's going through personal issues and that's what makes someone a superhero. She is the most non-judgemental, easily approachable dental hygienist that we can ask for and we are so honoured to have her by our sides in clinic. We all love her dearly and these words don't do justice to how much work she puts in for all the students of the WHOLE program.

On the behalf of John Abbott College's Dental Hygiene 2nd year class, we nominate Anna Maria Cuzzolini for the Superhero Award. She is our constant daily Superhero. She welcomes new students in first year with an open heart and makes them feel comfortable in the new clinical setting. Come second year she's our do it ALL Superhero. She's extremely approachable and is there to answer all of our questions. Whether our questions are about client care, sterilization, equipment or any personal concern, she has an answer. She is someone that is very easy to talk to and is always eager to teach us something. With the stress that many of us students go through she is there as well as a shoulder to cry on. She is kind, generous, funny, knowledgeable, skillful and above all, passionate about dental hygiene. She is a Superhero and an exemplary dental hygienist that we all aspire to be.

We'd like to thank Anna Maria for saving our day and for all of her hard work! We wouldn't be able to do it without her!

Anna Maria is the most caring person you will find. She is one of the best teachers we have at school and she really keeps the clinic going and well maintained. Her hard work and dedication definitely goes unnoticed by too many and she deserves to be recognized. I couldn't have gotten through these past 3 years without her.

She is fantastic, she helps everybody.

She's like our second mom at school, she bends her back for all of us, even during her bad days she's always there's for us. She is our Superwoman! Thank you for everything Anna Maria!

We could never function without Anna Maria. She is always ready to help us no matter the situation and give us guidance. She has a very big heart and constantly wears a smile on her face.
